

CHUCK
DONOVAN
for **U.S. SENATE**

Georgians really do have a choice for a new Senator.

- A Marine Corps Fighter Pilot and International Commercial Pilot
- Wants a Constitutionally Limited Government
- Will Fight All Increases in Taxes and Fees
- Will Fight All Increases in the National Debt
- Demands Sound Money, Balanced Budgets, and Less Debt
- Believes in Free Enterprise, not Corporatism and Bailouts
- Supports Smarter Policies to defeat Terrorism
- Supports a Non-Interventionist Foreign Policy
- Knows Georgians would be better off with More Choices in Education
- A Senator Who Will Make the Difficult Choices
- Not tied to Special Interests
- Will put Principles and People Before Party, Politics, and Lobbyists

A lasting economic recovery will happen when the recession hits the Federal government. Send Chuck Donovan to the Washington, D.C. and he will make Congress take the cuts it should have taken long ago.
